

TIME	Grade	Program	Learning Objectives & SOL Connections
7:00 AM	PK-1	Peg and Cat	PEG + CAT inspires children to see math as exciting, accessible, and fun. The show teaches measurement, shapes and patterns, and a wide range of fundamental pre-math skills.
7:30	PK-K	Pinkalicious & Peterrific	PINKALICIOUS & PETERRIFIC encourages viewers to engage in the creative arts and self-expression, including music, dance, theater and visual arts.
8:00 & 8:30	PK-K	Daniel Tiger's Neighborhood	This show uses musical strategies grounded in Fred Rogers' landmark social-emotional curriculum. Through imagination, creativity and music, Daniel and his friends learn the key social skills necessary for school and for life.
9:00	PK-K	Sesame Street	Sesame Street supports children's cognitive, social, emotional, and physical development. Children learn to use their imaginations, build social skills, language and literacy and to respect peoples differences.
9:30	PK-K	Esme and Roy	This show is packed with playful learning and musical fun! This show teaches children how to fix problems in innovative ways and encourages children to play nice and help those who are in need.
10:00	PK-K	Super Why	This show teaches children the alphabet, rhyming, vocabulary, letter recognition, spelling and reading comprehension.
10:30	K-3	The Cat in the Hat	The Cat in the Hat and his friends are transported on magical journeys to all corners of the globe where they use STEM to understand their natural world.
11:00	1-3	Nature Cat	Nature Cat is designed to help kids build science skills and encourage them to explore and develop connections with the natural world.
11:30	PK-3	Ready Jet Go	READY JET GO teaches children astronomy, scientific exploration, innovation and invention, conservation, and Earth as it is affected by our solar system.
12:00 PM	K-3	Cyberchase	Cyberchase helps kids develop strong math and problem-solving skills.
12:30	PK-3	Arthur	Arthur aims to foster an interest in reading and writing, to encourage positive social skills, and to model age-appropriate problem-solving strategies
1:00	K-3	Odd Squad	Odd Squad inspires kids to join forces with kid agents to solve "odd" problems using STEM.
1:30	K-3	Molly of Denali	Molly of Denali is designed to help kids develop skills around informational text such as using a map and following an instruction manual. Children also learn about the rich history of the Alaskan Natives.
2:00	K-2	Xavier Riddle	Xavier and his friends goes on time traveling adventures and meet historical figures. Each adventure will help children make the connection between the skills that made these historical figures heroes and those same qualities within themselves, helping them discover that they, too, can change the world.
2:30	K-3	Wild Kratts	Join the adventures of Chris and Martin Kratt as they encounter incredible wild animals, combining science education with fun and adventure, while traveling to animal habitats around the globe
3:00	PK-1	Dinosaur Train	Dinosaur Train incorporates children's enthusiasm for dinosaurs and trains while educating children in scientific thinking, natural history, and paleontology. The show encourages children to explore questions, observations and conclusions.
3:30	PK-K	Daniel Tiger's Neighborhood	This show uses musical strategies grounded in Fred Rogers' landmark social-emotional curriculum. Through imagination, creativity and music, Daniel and his friends learn the key social skills necessary for school and for life.
4:00	PK-K	Sesame Street	Sesame Street supports children's cognitive, social, emotional, and physical development. Children learn to use their imaginations, build social skills, language and literacy and to respect peoples differences.
